

SNOWSHOE RESPONSIBILITY CODE

Caledon offers snowshoeing on designated trails/routes found on the Caledon Ski Club snowshoe trail map.

For your protection, please be sure to adhere to the following:

- Please note that these trails are not patrolled at any time. Let others know your route and expected time of return. When possible carry a cell phone or two-way radio with you.
- We recommend that you do not snowshoe alone.
- Snowshoeing on Caledon property is restricted to daytime lift operation hours to allow grooming and snowmaking crews full safe access to the hills after hours.
- All travellers should proceed in single file. Always look uphill to ensure the way is clear before crossing or entering onto a ski run to identify oncoming skier/boarder traffic. When using a designated ski run always travel on the edge of the run and when crossing a ski run, cross as quickly as you can.
- Oncoming skiers/boarders have the right of way.
- Please remember that all trails are bi-directional.
- Trail use is for Members and their guests, or pre-arranged groups only.
- Use of poles is strongly recommended.
- Dogs must be kept on a leash at all times and are not allowed on the ski trails.

Please enjoy the trails responsibly.
