Emergency Contact Information - When registering online, please ensure your phone numbers are current. We require the cell number of the guardian(s) who will be at the hill most frequently with your children. Remember to have your phone switched on and check frequently, should we need to contact you.

Buddy Requests - Please note that we will do our best to have your children grouped with their friends. You can add this request in the "notes" section when registering online. Please note that grouping is done by ability level and we want your children to improve and have fun!

Skill/Ability Level: Students are evaluated the first day of class and may move from one level to another to facilitate a better learning environment in order to develop their skills. Please complete the ability level to the best of your knowledge as this will help us with the initial grouping.

Payment - Program payment is due at the time of registration. Students will not be added to the class list until payment is received and spots cannot be held for a student. Payment is accepted in the form of cash, cheque, Visa, Mastercard or Debit. You will have the option to choose a payment type upon completion of online registration.

Refunds - Will only be available prior to the second class unless you have a doctor's note in which case they will be prorated.

Missed Classes - If a class is cancelled a make-up class will be scheduled when possible. If your child is absent for a class there is no make-up class. Due to the large number of children enrolled and in order to ensure our students remain within a safe student/teacher ratio, we cannot accommodate movement from one day to another or switching afternoon and morning class times.
